## [Engineering Cycle \[2\]](#)

### **Multidisciplinary Training**

Newly established by INPT, the three years of engineering cycle came as an answer to the issue of training engineers in a scope that is more and more unpredictable. The three year cycle is about learning the engineering job and the acquisition of knowledge and competencies within their own specialty.

Concurrently with the development of solid scientific and technical knowledge, the curriculum aims at developing leadership spirit. In order to do this, INPT ensures the development of student's knowledge regarding the business world, the right skills in terms of communication as well as competencies in terms of project management and team work.
